## 📁 Professional Summary

A detail-oriented BS Information Technology graduate with hands-on experience in web development, databases, and MS Office applications. Skilled in data entry, reporting, and system documentation. Currently exploring Agentic AI, focusing on workflow automation using n8n and Python to develop intelligent, adaptive systems.

## 📁 Professional Experience

- **Final Year Project – Meetha Online** (*Dec 2021 – Jun 2025*)
  - Built an online bakery ordering system using **HTML, CSS, Bootstrap, and JavaScript**.
  - Designed role-based modules for **Admin, Bakery Owner, and Customer**.
  - Improved order handling efficiency and interface usability.
- **AI Automation Practice – Python & n8n** (*2025 – Present*)
  - Designed automation workflows integrating **AI logic** using n8n and Python.
  - Created mini-projects for data processing and intelligent task execution.

## 🎓 Education

**Bachelor Of Science in Information Technology** | *Government College, University, Faisalabad* (2021 – 2025)

**Coursework:** Computer Fundamental | Data Structure & Algorithm | Statistics | Calculus | Digital Logics

**Intermediate Of Computer Science** *Bise Lahore Board* (2019 – 2021)

**Coursework:** Computer Fundamentals | Introduction to Analytics Geometry | C languages | Differentiation & Integration

## 🌟 Certifications:

**Web Development** | Bano Qabil Lahore | Front-end development

**Python for Automation** | Presidential Initiative for Artificial Intelligence & Computing (PIAIC)

## 🧠 TECHNICAL SKILLS

**Web Development:** HTML, CSS, JAVASCRIPT, BOOTSTRAP

**Computer Fundamentals:** Microsoft office, Adobe photoshop

**Programming Languages:** python, JavaScript, C++ Language, C language

**Software Tools:** MS Office, Adobe Photoshop

**AI & Automation:** n8n Workflow, Agentic AI Concepts
